EDUCATION

Doctor of Philosophy in Aerospace Engineering August 19th, 2016 - August 3rd, 2019
Georgia Institute of Technology, United States

· Dissertation title: "Computational Simulation of Adaptation of Work Strategies in Human-Robot Teams"
· Advisor: Dr. Amy Pritchett
· Committee: Dr. Karen Feigh, Dr. Matthew Johnson, Dr. John-Paul Clarke, Dr. Glenn Lightsey,
· Coursework focused on systems design, optimization, flight mechanics, and control
· Certificate program (Tech to Teaching) for preparing future faculty and develop teaching skills

Master of Science in Aerospace Engineering September 2013 - June 2016
Delft University of Technology, Netherlands

· Thesis title: "Adaptive Automation Based on Air Traffic Controller's Decision-Making"
· Advisor: Dr. ir. Clark Borst
· Committee: Dr. ir. René van Paassen, Dr. ir. Joost de Winter, Dr. ir. Max Mulder, Ir. Gustavo Mercado-Velasco
· Coursework focused on control and simulation of aerospace vehicles

Bachelor of Science in Aerospace Engineering September 2010 - July 2013
Delft University of Technology, Netherlands

EXPERIENCE

Assistant Professor in Integrated Systems Engineering September 2019 - Present
Department of Integrated Systems Engineering, The Ohio State University

· Co-director of the Cognitive Systems Engineering Lab (CSEL). Research on human-autonomy teaming and distributed work in complex, high-stakes systems. We use a combination of agent-based modeling & simulation, control theory, systems theory, and field research to analyze and support resilient performance in distributed cognitive work systems. Domains of practice include UAS operations, air traffic control, and manned spaceflight operations.

· **External Funding & Proposals**
  · Ohio Federal Research Network: Interoperability, Resiliency, and Contingency Management for Ohio UAS Operations. Status: *Completed.* $1.4M to CAL Analytics, **$150k to OSU**
  · Phase I STTR AFWERX Agility Prime: Rapid Mission Planner for UAV Operations. Status: *Completed.* $150k to Elysian Labs, **$45k to OSU**
  · NASA Human Research Program: Support of Human-Robot Teams to Enable Effective Adaptation. Status: *Proposal in Review.* **$150k to OSU**
  · Phase II STTR AFWERX Agility Prime: Rapid Mission Planner for UAV Operations. Status: *Proposal in Review.* $750k to Elysian Labs, **$225k to OSU**

· **M.S. and Ph.D. Research Advising**
  · Emily Barrett – M.S. Integrated Systems Engineering. GraduatedAugust 2021
  · Stephanie Duros – M.S. Integrated Systems Engineering. Estimated August 2022
  · Kathleen Albert – M.S. Integrated Systems Engineering. Estimated August 2022
  · Jacob Keller – M.S. Integrated Systems Engineering. Estimated August 2023

- Kenneth Cassidy – M.S. Integrated Systems Engineering, Estimated August 2023
- Abhinay Paladugu – Ph.D. Integrated Systems Engineering. Estimated May 2024

- **Teaching**
  - ISE 3700 – Introduction to Cognitive Systems Engineering (SP20, SP21)
  - ISE 7720 – Cognitive Systems Engineering: Models and Methods (AU20, AU21)
  - ISE 5740 – Human-Centered Automation (AU21)

Graduate Research Assistant August 2016 - August 2019

Cognitive Engineering Center, Georgia Institute of Technology

- **Projects**
  - NASA Human Research Program: Objective Function Allocation Method for Human-Automation/Robotic Interaction using Work Models that Compute
  - NASA Space Technology Research Grant: Technologies for Mixed-Initiative Plan Management for Human Space Flight

Research Intern October 2014 - March 2015

Cognitive Engineering Center, Georgia Institute of Technology

- **Projects**
  - NASA Aviation Safety Program: Scenario Based Methods for Verification of Authority and Autonomy

Teaching Assistant November 2012 - July 2014

Delft University of Technology, Netherlands

- Taught in recital-style classrooms, mentored student groups in project-based learning, and graded exams and project assignments.

  - Dynamics, AE1130-II, Dr. Sergio Turteltaub
  - Aerospace System Design, AE2111-I, Dr. Nando Timmer
  - Test, Analysis & Simulation, AE2223-I, Dr. Mirjam Snellen

Mathematics and Chemistry Teacher December 2011 - September 2015

Stichting Studiebegeleiding Leiden, Netherlands

- Mentored high school students in preparations for their final exams, collaboration with the University of Leiden.

PROFESSIONAL MEMBERSHIPS

Human Factors and Ergonomics Society   June 2018 - Present

HONORS, AWARDS, AND CERTIFICATES

The Stanley Nelson Roscoe Best Student Paper Award	May 2017
Graduated Cum Laude, MSc degree	June 2016
Graduated Cum Laude, BSc degree	July 2013
Associate certification of the Center for the Integration of Research, Teaching and Learning	May 2019
